**NOTE:**

- (a) In line with the Government policy for competitive sectors that supply and demand are the price determinants and the prevailing sector legislation, EWURA shall continue to encourage competition in the sector by gathering and making available petroleum product pricing information to all stakeholders.

- (b) Oil marketing companies will be free to sell their products of prices that give them competitive edge provided that such prices do not exceed the price cap for the relevant product. The price cap has been set at 7.5 per cent of the indicative prices to be computed by EWURA in accordance with the approved formula.
- (c) All petrol stations should publish on clearly visible boards prices charged for each petroleum products. The price boards should be located in clearly visible places in front of petrol stations and should clearly show prices charged, discounts offered and any trade incentives or promotions on offer in the event that it is possible to choose between suppliers, consumers are advised to purchase from those prices are the most competitive.
- (e) All petrol stations selling or offering for sale diesel of different quality (500 ppm and 5000 ppm) should clearly mark the dispensing pumps with the name of the product it is dispensing. Selling or offering for sale diesel of a different quality from the pump will be considered as adulteration and will be attracting punitive measures by EWURA.
