The Energy and Water Utilities Regulatory Authority (EWURA) is an autonomous statutory body created under Cap 414 of the Laws of Tanzania. It is responsible for the technical and economic regulation of the electricity, water, petroleum and natural gas sectors. The functions of the Authority include, among others, licensing, tariff review, monitoring performance and standards with regard to quality, safety, health and environment.

Petroleum Act, 2008 further confirms EWURA's powers to regulate the petroleum industry in Tanzania. Section 7 of the Act requires persons carrying out petroleum supply operations to obtain a licence issued by the Authority.

Pursuant to Section 19(4) of the EWURA Act **NOTICE** is hereby given to the general public that the following have applied for class license for petroleum operations:
